# Resumé

## Executive Summary

Self-employed Multimedia professional in photo, video, and music production with 20+ years of professional experience in international contexts. Lecturer for film, Multimedia, and DVD authoring as well as computer specialist in various productions. Editor for Audio & Video magazine, guest musician with multiple groups, and Freelancer for tricky technological & authoring situations. Experience in game programming and iOS & Android App Design & Programming.

Ready to take on new challenges and expand my portfolio. My ambition is never to stand still but to develop myself and my skills and broaden my horizon continuously.
